

# SAINT ALOYSIUS PARISH SCHOOL

*Faith ★ Tradition ★ Innovation ★ Excellence*

June 2020

Dear Saint Aloysius Seventh Grade Students,

Congratulations on completing a successful year in sixth grade! We wish you all a happy and relaxing summer. Take lots of time to swim, play, pray and create! Go outside and get all the fresh air you can. We will miss you and are excited to see how much you grow over the summer.

In order to maintain academic success, we would like you to continue to learn, practice, and review over this summer. When you take the time to review what you've learned this year you will set yourself up for success next year. Math is all about mastering skills. The more you practice, the better you become.

You will use Khan Academy to practice skills from 5-6 grades. You can work at your own pace. Spend as much time as needed on the topics that are more challenging for you.

Watch the videos over and over until you feel like you could explain the concept to someone else. Then complete the assessments as many times as needed! Your username and password are listed below and will also be emailed to your school email in case you misplace this paper.

We look forward to seeing you all next year.

Have a wonderful summer!

Ms. Ashley Davis
